

Care for Every Patient in Facilities
that are Colourful and Clean

Benjamin Moore®

No matter the surface,
Benjamin Moore has just the
right coating for your facility.

INTERIOR

- 1 Advance® Waterborne Interior Alkyd** delivers the flow and levelling of an alkyd, in a low-VOC formula that cures to a smooth, furniture-like finish.
Perfect for: Doors, trim, shelving
- 2 Aura® Bath & Spa** is the ultra-premium paint for unparalleled colour. Proprietary Colour Lock™ Technology provides a mildew-resistant coating for high humidity environments in a matte finish.
Perfect for: Bathrooms, pools, spas, locker rooms
- 3 Aura® Interior Paint** is the ultra-premium paint for unparalleled colour and stunning beauty that lasts, thanks to proprietary Colour Lock™ Technology
Perfect for: Offices, conference rooms, deep-colour accent walls
- 4 Benjamin Moore® Acrylic Knockdown** creates a durable, textured, uniform finish over patches, peeling and other imperfections.
Perfect for: Hallways
- 5 Insl-X® Chalkboard Paint** turns any paintable surface into a chalkboard of any size or shape.
Perfect for: Cafeterias, lounge/break rooms, conference rooms
- 6 Corotech® Pre-Catalyzed Waterborne Epoxy** provides a tough, durable film for walls, ceilings and trim.
Perfect for: Food service areas, restrooms
- 7 Corotech® Fast Dry Polyamide Epoxy Coating (V410)** is a floor coating that provides superior resistance to abrasion, chemicals and solvents.
Perfect for: High-traffic hallway floors, clinic and waiting room floors
- 8 Corotech® Waterborne Amine Epoxy** provides good chemical and abrasion resistance on a variety of surfaces, particularly concrete floors.
Perfect for: Kitchen floors, utility room floors
- 9 Corotech® Waterborne Urethane Gloss (V540)** is a Low-VOC, LEED® v4 eligible urethane that provides excellent chemical and abrasion resistance.
Perfect for: Surgical suites
- 10 Insl-X® Stix® Waterborne Bonding Primer** is an acrylic-urethane primer-sealer with unparalleled adhesion to the most challenging surfaces, including glossy tile and galvanized metals.
Perfect for: Priming metal railings, painting over glazed tiles or glossy enamels
- 11 Stays Clear®** is a premium-quality coating that produces a durable and clear finish that dries quickly and does not scratch or yellow over time.
Perfect for: Hardwood floors
- 12 Eco Spec®** is CERTIFIED **asthma & allergy friendly®** based on achievement of strict criteria for VOC emissions, odour and performance.
Perfect for: Patient rooms
- 13 Regal® Select** is the favourite paint for durability and washability. Trusted for generations, it stands up to everyday wear and tear.
Perfect for: Administrative offices, banquet halls
- 14 Ultra Spec® 500** is a zero-VOC, professional-quality interior coating that completes large paint jobs with less effort. It dries quickly for faster job turnaround, and touch-ups blend seamlessly. Eligible for LEED® v4 credit and is MPI-approved in multiple categories.
Perfect for: Hallways, stairwells, waiting rooms, loading docks, service areas
- 15 Scuff-X®** delivers unmatched scuff-resistance in a single-component, high-performance, latex formula. Scuff-X will continue to resist scuffs in high-traffic areas long after other paints have failed, resulting in big savings.
Perfect for: All high-traffic areas, hallways, lobbies, cafeterias, metal doors, trim, baseboards

EXTERIOR

- 16 Corotech® Mastik Coating** is a high-solids, rust-inhibitive, moisture-resistant, surface-tolerant epoxy mastic that is excellent for ferrous and non-ferrous metals and concrete. When properly top coated (see #21), it exhibits excellent chemical- and UV-resistance.
Perfect for: Tank exteriors, exposed steel structures
- 17 Texcrete® Masonry Coatings** are a collection of exterior hardscape waterproofers, sealers and block fillers available in a variety of smooth and textured finishes.
Perfect for: Parking garage walls and ceilings
- 18 Insl-X® Traffic Coatings** include latex and alkyd formulas, as well as a fast-setting traffic paint for parking spaces, loading zones and other traffic markings.
Perfect for: Loading docks, parking lots, crosswalks
- 19 Insl-X® Concrete Coatings** offer great durability and non-skid options for interior or exterior masonry surfaces, specifically walking surfaces. Sure Step® and Tuffcrete® are available in a variety of formulas to suit your needs.
Perfect for: Sidewalks, courtyards, walkways
- 20 Ultra Spec® EXT** provides easy application, superior adhesion and maximum protection to a variety of exterior surfaces and can be applied in temperatures as low as 4.4 °C (40 °F).
Perfect for: Wood, hardboard, vinyl, aluminum, fibre cement, stucco, cinder block, unglazed brick

INTERIOR/EXTERIOR

- 21 Corotech® Aliphatic Acrylic Urethane (V500/V510)** is an interior/exterior, multi-use, two-component urethane that offers superior abrasion, chemical, solvent and UV resistance on both metal and masonry.
Perfect for: Interior and exterior floors, masonry and metal
- 22 Coronado® Rust-A-Void™** are coatings for interior and exterior steel and metal surfaces.
Perfect for: Metal railings, doors, trim, siding
- 23 Insl-X® Swimming Pool Paints** offer a variety of swimming pool solutions, including epoxy, rubber-based and waterborne formulas.
Perfect for: Swimming pools, fountains
- 24 Ultra Spec® Masonry Int/Ext High-Build Block Filler** is a preparatory coating to create a less porous and smoother painting surface.
Perfect for: Parking structures, concrete and cement block
- 25 Ultra Spec® HP D.T.M. Acrylic Enamels** provide superior corrosion control and protection for interior and exterior metal substrates.
Perfect for: Metal pipes, siding, mechanical equipment

Benjamin Moore Products for Healthcare Facilities

Healthcare facilities have an important job: taking care of us when we require medical attention. The myriad of procedures and treatments share a common need: facilities that can stand up to high traffic and repeated washing—all while maintaining a clean, professional look. Benjamin Moore is your single source for the high-performing paints and coatings that will keep your healthcare facility operating cleanly and effectively.

A leading manufacturer of premium-quality residential and commercial coatings, Benjamin Moore offers various products that meet the specific needs of the healthcare industry, including:

- Chalkboard paint for nurses' stations and meeting rooms
- Durable and scuff-resistant coatings for hallways, loading areas and lobbies
- Low- and zero-VOC paint for offices and waiting rooms
- Traffic paint for parking lots

Our coatings and colours establish a clean, professional environment where your customers will feel comfortable and confident in your capabilities. Let us help you protect and beautify your facility with minimal disruption, increased cost-efficiency and excellent results.
